

...SOCIETY...

In spite of the inclemency of the weather there was quite a large attendance at the meeting of the Wednesday club held at the Normal.

In the absence of the president and vice-president, Mrs. John Sackman was chairman of the meeting. Mrs. L. B. Houck read a letter and the reports on the tuberculosis question this club is working on so vigorously, showing how many are lost to this disease each year and the way it can be prevented. The ladies have accepted the offer of Dr. Miller of the state board to present an illustrated lecture on this subject, thereby giving the people in general some idea of the immense amount of good that can be accomplished with just a little care.

Mrs. Baker was leader. Mrs. Kotitzky read a paper on "Woman's entrance into and position in Industrial Competition."

Mrs. Hayden gave a very interesting criticism on Olive-Schreiner's "Woman and Labor."

Miss Marston was then called upon to give her ideas of the subjects of the afternoon which she expressed so thoroughly, including the man's side of the question as well as the woman's and showing the many stumbling blocks the women of today have to contend with because she is a woman.

Miss Shilling gave a short talk on the subject, and as Mrs. Armantrout who was to have read "Woman an Unrecognized Factor in Economic Life" was unable to be present the meeting was adjourned.

Congress of Mothers.

The Missouri Congress of Mothers is preparing to attend two important meetings in the interest of child welfare to be held in April. The first will be the second convention of the Missouri Congress of Mothers and Parent-Teacher Associations at Springfield, Mo., April 14 to 17.

The second will be the International Convention for Child Welfare at Washington, D. C., April 22 to 27, at which mothers and teachers from Great Britain, China, the Argentine Republic, Bulgaria and other nations will gather with American members of the organization. This is of great interest to the mothers of this city and Southeast Missouri who are planning to attend and by their combined efforts carry out this noble cause.

Parents' League.

A new organization has just been started in New York termed "The Parents' League", for the purpose of simplifying the lives of children.

The motive of this league is such a worthy one it might be well to be brought before the women's clubs of this city and others and acted upon. The manifesto of the society says that boys and girls of school age should refuse all invitations to parties, theaters and so on, except on Saturdays and holidays. The league has a theater committee which sends bulletins to members suggesting the most suitable plays for children.

Wednesday Club.

The Wednesday Club, federated with both the National and State Federations is a society the Cape should well feel proud of. These women have taken up subjects of great interest to the men as well as the women, and have their unmistakable worth demonstrated in every branch of their work. It is an educational treat to be present at one of the meetings which are held every two weeks at the Normal, and hear the various papers read by the members of this club.

The meetings of the society are taking up 15 minutes earlier this year than last, and this time is given to the study of the laws of the State of Missouri for Women and Children. Five minutes is devoted to the reports on Nation Conservation work after which another five minutes is given to discussing these matters.

The officers of the year are Mrs. John Himmelberger, president; Mrs. B. F. Davis, vice-president; Miss Anna Dierson, secretary; Mrs. John Sackman, corresponding secretary; Mrs. D. Hawkins, treasurer.

Will Make Trip Abroad.

The many friends of Mrs. H. P. Peironnet will be interested to learn of her anticipated trip abroad. Mrs. Peironnet expects to leave within the next two weeks, and will pay an extended visit with her son and daughter Mr. and Mrs. Harry Albert and children, who are now residing in Paris, France.
